Correction to Late Fee on Last Month's Bill

Last month's utility bills incorrectly stated that the late fee would be assessed on payments received after 5:00 pm on July 16 rather than on the 15th as usual. If you paid your bill on July 16 before 5:00 pm and the late fee was included, you will see the late fee amount credited back to your account. We apologize for any confusion this may have caused.
